JOURNAL OF THE BRITISH
ORNITHOLOGISTS' UNION

VOLUME 108, 1966

VOLUME 108

DATES OF ISSUE

No. 1. Issued 1 January 1966.	No. 3. Issued 1 July 1966.
No. 2. Issued 1 April 1966.	No. 4. Issued 1 October 1966.

CONTENTS OF VOL. 108

1966

Contents	ii
B.O.U. Officers and Medallists	vii

No. 1	Page
ALEXANDER F. SKUTCH. A breeding bird census and nesting success in Central America	1
M. P. HARRIS. Breeding biology of the Manx Shearwater <i>Puffinus puffinus</i>	17
PETER WARD. Distribution, systematics and polymorphism of the African Weaver-bird <i>Quelea quelea</i>	34
I. NEWTON. The moult of the Bullfinch <i>Pyrrhula pyrrhula</i>	41
NEAL G. SMITH. Adaptations to cliff-nesting in some arctic gulls (<i>Larus</i>)	68
J. H. ELGOOD, R. E. SHARLAND & P. WARD. Palaearctic migrants in Nigeria	84

Short Communications

C. J. O. HARRISON. Inactivity as an attack-inhibitor	117
JANET KEAR. The pecking response of young Coots <i>Fulica atra</i> and Moorhens <i>Gallinula chloropus</i>	118
L. G. GRIMES. Antiphonal singing and call notes of <i>Laniarius barbarus barbarus</i>	122
W. L. N. TICKELL & R. PINDER. Two-egg clutches in albatrosses	126
A. R. LUDLOW. Body-weight changes and moult of some Palaearctic migrants in Southern Nigeria	129
C. M. PERRINS. Survival of young Manx Shearwaters <i>Puffinus puffinus</i> in relation to their presumed date of hatching	132
S. DILLON RIPLEY. A notable owlet from Kenya	136
V. W. SMITH, P. J. WOODS & D. P. EBBUTT. Breeding notes on the White-crowned Cliff-chat <i>Thamnolaea coronata</i> in Central Nigeria	137
WILLIAM G. METCALF. Observations of migrating Great Shearwaters <i>Puffinus gravis</i> off the Brazilian coast	138
Recent Ornithological Publications	141
British Ornithologists' Union	157
Current Notes and Notices	159

No. 2

B. P. HALL, R. E. MOREAU & I. C. J. GALBRAITH. Polymorphism and parallelism in the African bush-shrikes of the genus <i>Malaconotus</i> (including <i>Chlorophoneus</i>)	161
P. R. EVANS. Autumn movements, moult and measurements of the Lesser Redpoll <i>Carduelis flammea cabaret</i>	183
J. B. COLTHERD. The domestic fowl in Ancient Egypt	217
ROGER BAILEY. The sea-birds of the southeast coast of Arabia	224
B. K. SNOW. Observations on the behaviour and ecology of the Flightless Cormorant <i>Nannopterum harrisi</i>	265
Short Communications	
GILL & PAUL GORE. The Avocet <i>Recurvirostra avosetta</i> in Senegambia	281
A. LANDSBOROUGH THOMSON. The status of two swallow species in The Gambia	281
D. W. & B. K. SNOW. The breeding season of the Madeiran Storm Petrel <i>Oceanodroma castro</i> in the Galapagos	283
R. A. D. CAMERON & L. CORNWALLIS. Autumn notes from Azraq, Jordan	284
Obituary	
WILFRID BACKHOUSE ALEXANDER	288
Recent Ornithological Publications	290
Current Notes and Notices	312

No. 3

GODMAN-SALVIN MEDALLIST. Reginald Ernest Moreau	<i>Frontispiece</i>
T. ROYAMA. Factors governing feeding rate, food requirement and brood size of nestling Great Tits <i>Parus major</i>	313
M. G. RIDPATH & R. E. MOREAU. The birds of Tasmania; ecology and evolution	348
C. G. BEER. Adaptations to nesting habitat in the reproductive behaviour of the Black-billed Gull <i>Larus bulleri</i>	394
R. Q. CRAUFURD. Notes on the ecology of the Cattle Egret <i>Ardeola ibis</i> at Rokupr, Sierra Leone	411

	Page
Short Communications	
T. HARRISON. Further notes on super-canopy birds in Borneo	419
R. S. BAILEY. Migrant land-birds in the Mediterranean and Red Seas and the Indian Ocean	421
R. P. FFRENCH. The utilization of mangroves by birds in Trinidad	423
D. AMADON. The scientific name of the Caspian Tern	424
W. R. P. BOURNE. Further notes on the birds of the Cape Verde Islands	425
J. B. NELSON. Flying behaviour of Galapagos Storm Petrels	430
W. H. THORPE & M. E. W. NORTH. Vocal imitation in the tropical Bou-bou Shrike <i>Laniarius aethiopicus major</i> as a means of establishing and maintaining social bonds	432
Recent Ornithological Publications	436
British Ornithologists' Union	450
Current Notes and Notices	458
No. 4	
M. B. CASEMENT. Migration across the Mediterranean observed by radar	461
V. W. SMITH. Autumn and spring weights of some Palaearctic migrants in Central Nigeria	492
LT.-COL. F. N. BETTS. Notes on some resident breeding birds of southwest Kenya	513
L. H. BROWN. Observations on some Kenya eagles	531
C. J. O. HARRISON. The validity of some genera of larks (Alaudidae)	573
J. B. NELSON. The breeding biology of the Gannet <i>Sula bassana</i> on the Bass Rock, Scotland	584
Short Communications	
K. H. VOUS. Beaudouin's Harrier-eagle <i>Circaetus beaudouini</i> in Uganda	627
ROGER W. SMITH. A case of xanthochroism in the Yellow-faced Grassquit <i>Tiaris olivacea</i>	627
A. S. CHEKE. Notes on sea-birds seen on a journey across the Indian Ocean	628
A. S. CHEKE. Sparrows in Corsica and Sardinia	630
Correspondence	
The sea-birds of Gough Island (W. R. P. BOURNE)	632
Comments on the scientific names of the Caspian Tern and Pied Wheatear (CHARLES VAURIE)	633
Recent Ornithological Publications	635
Current Notes and Notices	647

LIST OF PLATES IN VOL. 108

Plate		Facing page
1.	<i>Otus ireneae</i>	1
2.	Species of the "Malaconotus" group with their counterparts in "Chloro- phoneus"	161
3.	The Flightless Cormorant <i>Nannopterum harrisi</i>	265
4.	(a) A clearing in Dry Sclerophyll Forest in Tasmania	360
	(b) Wet Sclerophyll Forest on Mt. Wellington in southern Tasmania	360
5.	(a) Wet Sclerophyll Forest standing above Rain Forest (<i>Nothofagus</i>) in a mountain gully	361
	(b) Tree-ferns <i>Dicksonia antarctica</i> in a wet gully in Rain Forest	361
6.	(a) Sub-alpine Forest: <i>Eucalyptus coccifera</i> at about 3,500 feet in southern Tasmania	361
	(b) The Tasmanian Native Hen <i>Tribonyx mortierii</i> —an endemic flightless gallinule	361
7.	Nests of Black-billed Gulls <i>Larus bulleri</i> at Middlemarch, 1962	400
8.	Sound spectrogram patterns produced by Bou-bou Shrikes	434
9.	(a) Radar display of bird migration as seen on 6 May 1962, 15 miles off the north African coast near Cape on	484
	(b) 6-minute time exposure of radar display showing large day-migrants tracking northeast	484
		Facing plate
10.	(a) Radar display of bird migration as seen on 23 October 1962, off the coast of Portugal	11
	(b) 6-minute time-exposure of radar display showing massive movement of small night migrants	11
11.	(a) Radar display showing migration over the Aegean on 27 September 1962	10
	(b) 6-minute time exposure of radar display showing two different movements	10
		Facing page
12.	Fat deposits in a juvenile Gannet <i>Sula bassana</i> at the time of fledging	485
